

To strengthen our Professional Services department at our headquarters in Hanover, we are as of now looking for a

Project Manager (m/f/d) for integration solutions

Your area of activity:

- Point of contact and project assistant for integration solutions (e.g. SAP, TeamCenter) from initial analysis to ongoing operation
- You receive the requirements and elaborate implementation concepts
- You are responsible for the development of specifications, you assess the use of resources and ensure the technical prerequisites for implementation
- You take over the project planning, ensure timely and qualitative implementation up to the acceptance and communicate project progress in close coordination with the development team

Skills / Prerequisites:

- A completed university degree and several years of practical experience in the fields of:
 - Project management, special IT / software projects
 - Software engineering (software design and software development)
 - Microsoft .NET version 3.0 or higher
 - Development with Visual Studio 2010
 - Object-oriented development
- Experience in the implementation of complex, technical software (e.g. SAP, CAE, E-CAD, control technology, etc.) as project manager or consultant and in direct customer contact
- A systematic and analytical approach
- A safe, goal-oriented demeanour and on schedule work in a team
- Good written and spoken English skills

Apply via email to Jobs@aucotec.com.
